

## **Hadi Mansour**

### **Deep Learning Engineer**

Tripoli, Lebanon

+961 71 882 194

Email: [hadi.mansour.dl@gmail.com](mailto:hadi.mansour.dl@gmail.com)

LinkedIn: [www.linkedin.com/in/hadi-mansour-dl](https://www.linkedin.com/in/hadi-mansour-dl)

GitHub: <https://github.com/hadimansour>

### **SUMMARY**

Deep Learning Engineer with **6 years of experience** designing, training, and optimizing neural network models for real-world applications. Strong background in CNNs, RNNs, and model optimization.

### **AREAS OF EXPERTISE**

Deep Learning, Neural Networks, CNNs, RNNs, Model Optimization, Python, TensorFlow, PyTorch, Data Analysis

### **EDUCATION**

Lebanese University

BSc in Computer Science

2015 – 2019

### **PROJECTS**

#### **Image Classification System**

- Designed CNN models for multi-class image classification
- Improved accuracy through data augmentation and tuning

#### **Time Series Forecasting Model**

- Built RNN-based models for sales prediction

### **PROFESSIONAL EXPERIENCE**

#### **Deep Learning Engineer**

AI Labs — Beirut

2019 – Present

- Developed deep learning models for vision and forecasting tasks
- Optimized training pipelines and deployment readiness

### **SKILLS**

Python, TensorFlow, PyTorch, Keras, NumPy, Pandas

## **LANGUAGES**

Arabic (Native), English (Advanced)
